

WHAT'S NEW IN PREK II ??

In May & June...

It is hard to believe that this is the last newsletter for the school year. It has been an absolute joy watching your children blossom right before our very eyes. They have grown so much academically, socially and are showing more maturity. The strides each and every one of them has made has been tremendous. Thank you for sharing your children with us. We wish each of you a summer full of laughter, fun and memories to last a lifetime.

May is a fun time to explore insects around us. We will have a great time finishing up the year learning about creepy crawlers all around us. We will also learn about animals and their babies, parents aren't the only ones who have a "kid." We will also learn about the life cycle of the frog and butterflies. We will be able to watch firsthand as caterpillars form into chrysalis and finally become butterflies. It is always fun to watch the transformation. Once, our butterflies are strong and ready, we will release them outside as they begin their adventure in nature.

Reading and writing practice will continue as we carry on exploring diagraphs (the sound "ch" and "sh" for example), rhyming words and pay close attention to lower case letters.

Our PreK II math super stars are still busy telling time, doing math equations with addition and subtraction and recognizing numbers 1-30.

It's Showtime!

The songs have been taught, the lines have been memorized, costumes are ready and the children are excited!! Friday, May 7th at 8:30 will be PreK II's play C-I-R-C-U-S. The morning promises to be full of laughter and surprises. Please join us for the cast party immediately following the play in the cafeteria. There is a sign-up sheet outside the PreK II classroom. We are asking each family to bring something to share with the group for the party. If you are unable to attend the performance on Friday, we will have a dress rehearsal Wednesday at 10:00am for the students. You are welcome to see the show then as well.

PreK II Chefs

During the month of May we will be working on a very special project. Please send into school a copy of one of your child's favorite recipes by Tuesday, May 11th! It can be an appetizer, meal, dessert or fun food you may make together. Let the cooking begin!!

Upcoming Events

Friday, May 7th PreK II Play- 8:30 PLEASE HAVE YOUR CHILDREN TO SCHOOL BY 8:00

Friday, May 21st Parent/Teacher Conferences. We will send home your scheduled time early in May
